# ENTRY

*Pakachoag offices and studios are located on the second and third floors. While a School staff member may be present in the first floor office during late-afternoon and evening hours, this space is not part of the school and is staffed by All Saints Church employees during mornings and early-afternoons. Please bring inquiries to the School office upstairs only.*

Each family/student is issued a building access code for use during scheduled activities.

**Personal Entry Code:**

The **#** is an essential part of the code. Once entered, there will be a \*click\* and the door can be pulled open. If the code is not working, contact the School office right away.

**Please remain outside the building until 2-3 minutes prior to lesson/class start time. This assists in managing the flow of traffic.**
